City / Region Team & Work Group Contact / Participation Overview

Purpose

This working document provides one overview of the people serving in the City / Region GCN Core Team, the wider Network Team, and the eight City / Region GCN Work Groups. The Core Team and Network Team together form the City / Region GCN Facilitating Team. It is designed to support team building, communication, representation, follow-up and multiplication during the Initial Phase and ongoing collaboration.

The City / Region Core Team carries the main facilitating roles. The Network Team broadens participation with additional city or regional leaders, local church and ministry representatives, workplace and society leaders, network or movement representatives, emerging leaders, advisors, specialists and support roles. Each Facilitator / Co-Facilitator then develops the corresponding wider Work Group with representative practitioners, leaders and specialists. The lists can be updated as additional cities, districts, neighborhoods, denominations, networks, generations, people groups and spheres are connected.
